Anschutz Medical Campus

Overview, Target Audience and Learner Outcome

The End-of-Life Nursing Education Consortium (ELNEC) project is a national and international education initiative to improve palliative care. Since 2000, ELNEC is a collaboration between City of Hope, Duarte, CA and the American Association of Colleges of Nursing (AACN), Washington, DC. ELNEC is the world's leading nursing education initiative focused on improving the care of patients with serious illness and their families. Since its inception, this model academic-practice partnership between AACN and the City of Hope has reached healthcare professionals in all 50 states and over 100 countries around the world.

Who should attend ELNEC-Pediatric Palliative Care?

- Undergraduate and graduate pediatric nursing faculty
- CE providers and staff development educators working in pediatric settings
- Hospice nurses
- Homecare nurses
- APRN/staff nurses working in pediatric acute care settings (i.e. oncology, medical/surgical, palliative care settings, NICU, PICU, clinics, etc.)
- Other members of the pediatric interdisciplinary team are welcome to attend, with the understanding that the curriculum is written by nurses for nurses.

This course was developed for healthcare professionals to provide a more thorough understanding of how the end of a child's life impacts families, friends, and caregivers. The ten modules of this course will address different aspects of coping with a terminal illness and provide insights into the bereavement process. After attending this event, participants will self-report increased knowledge related to providing evidence-based care for patients, as well as emotional and spiritual support to caregivers and survivors.

Course Objectives

- Identify the principles of palliative care that impact nursing care for children.
- Identify spiritual and cultural considerations present at end of life.
- Identify barriers to adequate pain relief in palliative care and describe pharmacological and non-pharmacological therapies used to relieve pain.
- Explain ethical dilemmas that may arise in pediatric palliative care and apply ethical principles in addressing these issues.
- Discuss the role of the nurse at the time of a child's death.

- Describe the impact of patient death in the Emergency Department and the resources available to address these issues.
- Describe four elements of resiliency to increase their capacity to flourish as healthcare providers.
- Describe unique characteristics of neonatal palliative care and strategies to overcome.
- Describe communication strategies for end-of-life discussions.
- Recognize most common distressing symptoms at the end-of-life.
- Describe the concepts of grief and bereavement and identify tools that can be used to support families.
- Identify strategies for becoming a change agent with palliative care and end-of-life.

Train-the-Trainer Session Objectives

- Identify strategies that can be used to educate healthcare professionals related to palliative and end-of-life care.
- Implement end-of-life education in their settings.
- Evaluate educational activities.

Train-the-Trainer Session Learning Outcome

After attending this event, participants will self-report increased knowledge related to teaching this critical information to other nurses in the specialty.

Continuing Education Credit

Registration, attendance, sign-in and submission of the evaluation, including a written response to questions related to any change in practice that you may make as a result of learning that took place at this activity, are required for successful completion and receipt of the certificate of attendance. Claim only those hours you attend.

Children's Hospital Colorado is approved as a provider of nursing continuing professional development by Colorado Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. This educational activity for 19.25 nursing contact hours is provided by Children's Hospital Colorado. (10/6 - 7.5 hours; 10/7 - 6.25 hours; 10/8 - 5.5 hours).

Participants who complete the Train-the-Trainer session in addition to the course will receive a separate certificate identifying them as ELNEC trainers.

A general certificate of attendance will be available for other disciplines.

Agenda

Wednesday, October 6, 2021

7:30 a.m.	Registration & Tech check
7:40	Welcome and Opening Remarks <i>Aurora Walters, BSN, RN, RNC-NIC</i>
7:45	Introduction to Palliative Care Nursing: Special Considerations <i>Ami Miller, BSN, RN, CPLC</i> <i>Heather Peters, BSN, RN</i> <i>Aurora Walters, BSN, RN, RNC-NIC</i>
9:15	Cultural and Spiritual Considerations in Pediatric Palliative Care <i>Sara Reynolds, MDiv, BCC</i>
10:15	Break
10:30	Pain Management <i>Jenny Raybin, PhD, RN, CPNP</i>

Emergency Department
Children's Hospital Colorado

Location and Parking

The Train-the-Trainer portion of this conference, for a limited number of participants, will be held on the Anschutz Medical Campus at Children's Hospital Colorado, 13123 East 16th Avenue in Aurora, Colorado. Enter the hospital at the main entrance and take the elevators to the Conference and Education Center on the second floor.

Free parking for hospital guests is available on the Lower Level of the Family/Visitor parking structure, just south of the hospital's main entrance. Employees of Children's Colorado and University of Colorado Hospital must park in their designated area.

Please visit childrenscolorado.org/directions for driving directions.

Registration is online

ce.childrenscolorado.org

Registration

Register online at ce.childrenscolorado.org

CHCO Team Members	2-Day Virtual Course	\$20
Community Participants	2-Day Virtual Course	\$40
Train-the-Trainer	Virtual Course	\$25

Cancellation Policy

No refunds will be granted for non-attendance although you may send a substitute (notification is required).

The planning committee reserves the right to alter the agenda or cancel the course in the event of an unforeseen circumstance, or if the minimum registration is not attained by October 4, 2021, with a full refund to participants.

Further Information

For any questions or to request arrangements to accommodate a disability, contact the conference coordinator.
