Overview, Target Audience and Learner Outcome

This conference is intended to present the most current research and application for practitioners interested in current topics in pediatric clinical nutrition.

Objectives

Upon completion of this conference, participants should be able to:

1. Describe the impact of maternal factors on infant growth and the importance of context for potential of complementary foods to impact growth.
2. Distinguish the concepts of typical eating, fussy/picky eating, and problematic eating behaviors for children birth – 5 years of age.
3. Recognize the basic physiology of sleep and circadian rhythms in youth and the relationship with nutritional and cardiometabolic outcomes.

Continuing Education Credit

Registration, attendance, sign-in and submission of the evaluation, including a written response to questions related to any change in practice that you may make as a result of learning that took place at this activity, are required for successful completion and receipt of the certificate of attendance. Claim only those hours you attend.

Medical: Children's Hospital Colorado is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. Children's Hospital Colorado designates this Other activity (Internet Live Course) for a maximum of 6 *AMA PRA Category 1 Credit(s)*[™].
