The Kempe Center

# Program Building

---

- Over 50 meetings with community partners
- Creation of Advisory Committee
- Collaboration with state Dept Human Service initiatives
- Collaboration with 211
- Outreach to RAEs
- Outreach to school-based health clinics

# New Provider Training -- May 2020

---

- 40 trained
- 30 committed to network
- 22 active
- about 1/3 MD, APP, FNE
- 45% frontier counties
- Extremely well received 2 day training
  - Satisfaction
  - Post test
  - Skill reinforcement
  - confidence

# Continuing Education

---

- 95 – 100% satisfaction with ECHO
- 95 – 100% satisfaction with mentorship and Kempe resource Center

# Case data

---

- 56 cases submitted since July 2020
- About 65% sexual abuse, 30% sexual abuse, 25% neglect
- Over 60% of cases referred from child welfare, 20% police
- About in about 25% of cases, provider found unsuspected form of maltreatment, new medical issue or developmental issue
- Psychosocial issue (1-3) found in majority of case
  - Domestic Violence, caregiver substance use, prior child welfare involvement, caregiver mental health, social isolation, food insecurity

# Case Data – Provider Performance

---

- Percentage meeting best practice standards:
  - Sexual abuse – 100%
  - Physical abuse – 70%
  - Neglect – 70%
  - Behavioral health – 60%
- Alignment of Provider and Mentor Ratings of Abuse/Neglect Likelihood
  - 66% complete agreement for physical abuse
  - 87% complete agreement for sexual abuse
  - 80% complete agreement for neglect

# Referrals

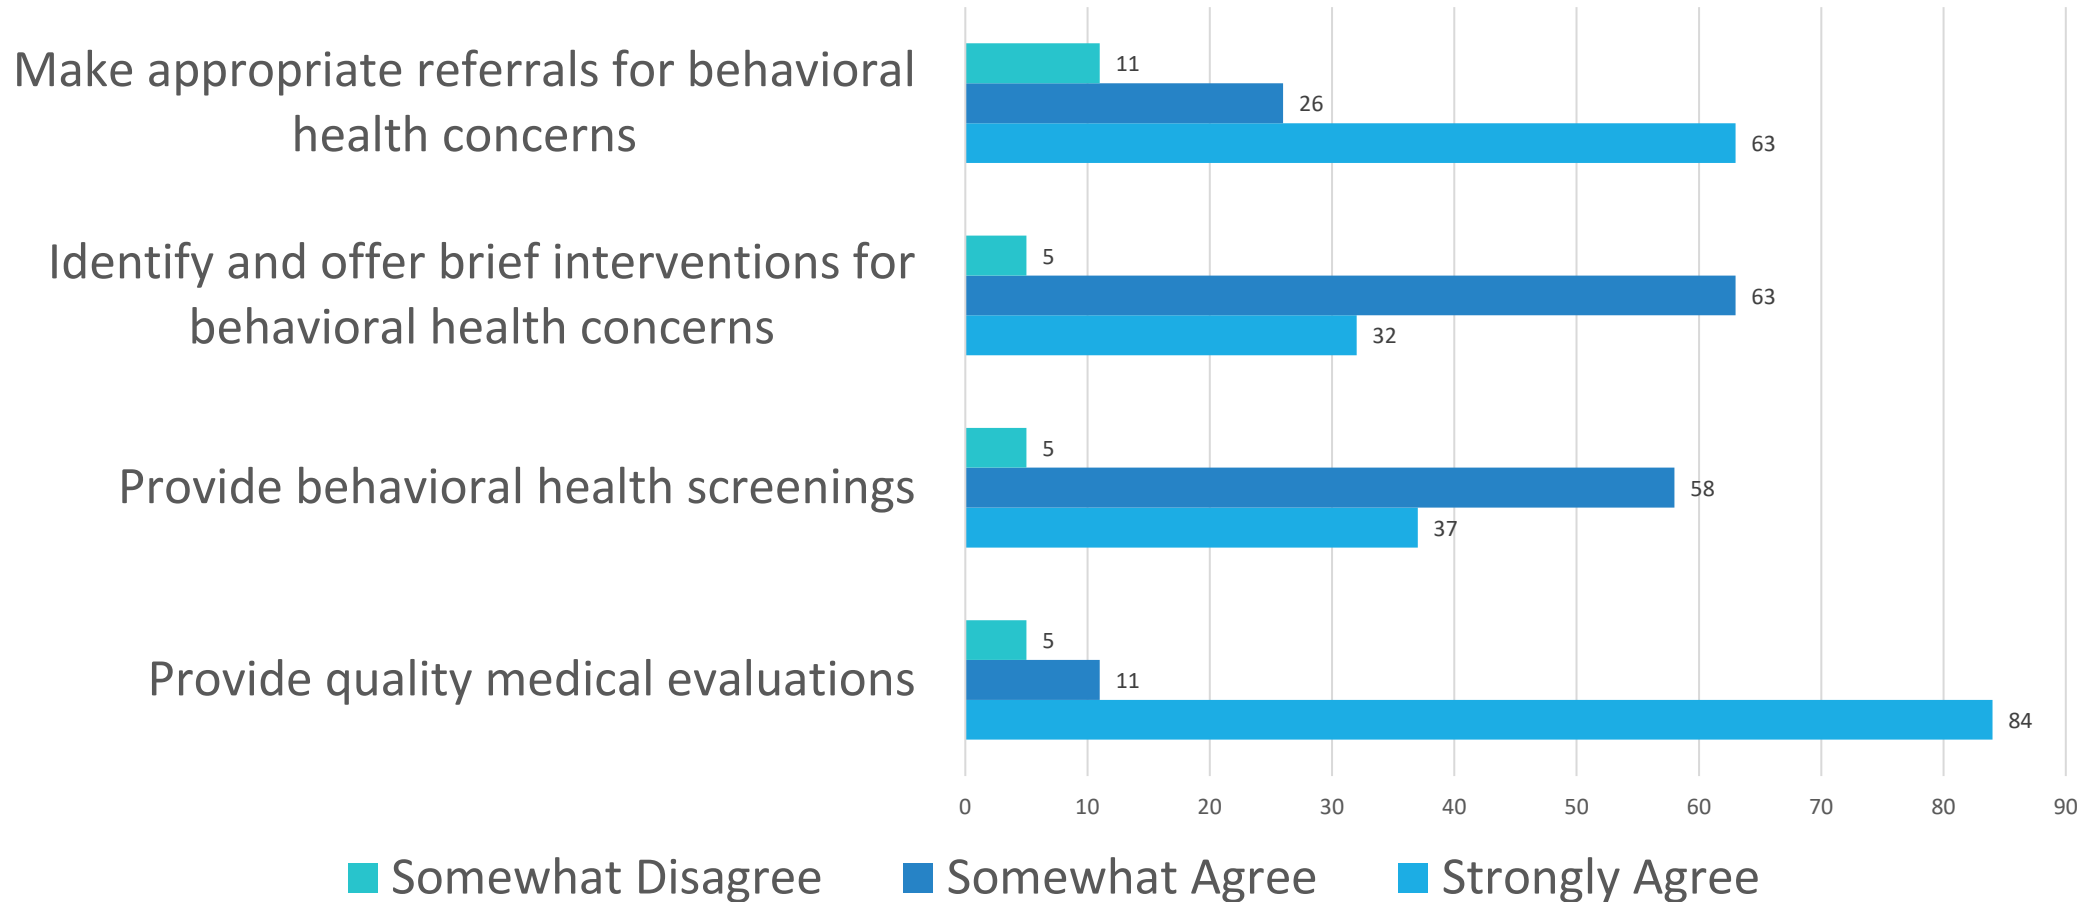

---

- 7 have not submitted an eval
- Reasons –
  - No referrals
  - Age of referrals not eligible
  - No time
  - COVID volumes low
  - Too cumbersome
- Only 30% of providers strongly agree that Network has increased access or improved coordination of care

# Provider Confidence

Percentage of Respondents Indicating Confidence in Ability to...

# Provider Feedback

---

- 100% of providers wanted more training in behavioral health
- Interactions with child welfare appear to have increased
- Majority of providers said medical reports was “somewhat” considered in case, but 20% said not sure

# Next Steps

---

1. Recruitment – medical and behavioral health providers
2. Increase referrals
3. Improve referral process

# Thank you!!!!
