

# Children's Hospital Colorado Virtual EMS Conference

January 27, 2022

## Virtual Conference

Offering EMS credit

Provided by:

Children's Hospital Colorado

## Overview, Target Audience and Learner Outcome

This conference is for prehospital providers caring for pediatric patients in the emergency and pre-hospital setting. As a result of this session, learners will be able to report new knowledge related to pediatric specialty practice in order to provide current, evidence-based practice care to pediatric populations.

## Objectives

- Update the community on current state activities in EMS.
- Discuss the role of EMS clinicians of all levels in providing home telehealth options.
- Discuss what point of care ultrasound is and include its uses and limitations.
- Review the updated recommendations for management of pediatric airway emergencies.
- Explore care of the pediatric trauma patient via case studies.
- Describe care considerations when discontinuing resuscitation for the pediatric patient.
- Review pediatric transport case studies from the scene to the Emergency Department.

## Continuing Education Credit

Registration, attendance, sign-in and submission of the evaluation, including a written response to questions related to any change in practice that you may make as a result of learning that took place at this activity, are required for successful completion and receipt of the certificate of attendance. Claim only those hours you attend.

### EMS

Children's Hospital Colorado is recognized as a State of Colorado EMS Training Group (CO-049) and will provide 6.75 continuing education credits for all pre-hospital providers.

### Other

A general certificate of attendance will be available.
