## Overview, Target Audience and Learner Outcome

The Jason French Memorial Pediatric Hospital Medicine Symposium is to commemorate the life of our colleague, Jason French, who tragically passed away in the summer of 2020. Dr. French was a beloved member of the Section of Pediatric Hospital Medicine at Children's Hospital Colorado, and he served on the planning committee for this conference. Moving forward, this symposium will replace our "Clinical Concepts and Conundrums in Pediatric Hospital Medicine" Symposium.

This conference is designed for all health care professionals who participate in the care and management of hospitalized children and neonates. A case-based format will be used to review and discuss the etiology, diagnosis, and management of critically ill infants and children. After attending this event, the participant will report an increase in knowledge related to the hospitalized pediatric and neonatal patient and increase confidence caring for the pediatric patient population in the rural hospital setting.

## Objectives

Upon completion of this conference, participants should be able to:

- Describe evidence-based treatments for COVID-19.
- Recognize the differences in resources for pediatric care in rural and underserved areas, and how pediatric hospitalists can navigate even complex cases to allow families to remain closer to home when possible.
- Describe new imaging approaches to expedite the diagnosis of serious urgent conditions such as midgut volvulus and airway foreign bodies.
- Describe common short- and long-term challenges of infants born between 32-36 weeks gestation, both in their neonatal hospitalization and first years of life.
- Describe the diagnosis and initial treatment strategies of sleep disordered breathing.
- Identify commonly encountered pediatric cardiac pathology diagnosed by electrocardiography.
- Discuss the various differentials when common presenting symptoms lead to diagnosis of uncommon conditions in the inpatient pediatric setting.

## Continuing Education Credit

**Medical:** Children's Hospital Colorado is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Children's Hospital Colorado designates this Other activity (Internet Live Course) for a maximum of 7.25 AMA PRA Category 1 Credit(s)™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

**Nursing:** Children's Hospital Colorado is approved as a provider of nursing continuing professional development by Colorado Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. This education activity for 7.25 nursing contact hours is provided by Children's Hospital Colorado.

**Others:** A general certificate of attendance will be available for all other care providers.

## Registration Fee – \$40

## Cancellation Policy

The Planning Committee reserves the right to alter the agenda or cancel the conference in the event of an unforeseen circumstance, or if the minimum registration is not attained by September 10, 2021 with a full refund to participants.
