

CHILDREN'S HOSPITAL COLORADO PRESENTS

Virtual Education Series: Pediatric Ingestions/Overdoses

Thursday, August 19, 2021 • 12 to 1 p.m.

Teleconference (Zoom link sent with registration)

Overview, Target Audience and Learner Outcome

This activity is for the interdisciplinary healthcare team will include a review of current literature and clinical pathways followed by Children's Hospital Colorado for the evaluation, treatment and management of pediatric ingestions and overdoses. In addition to a presentation from a content expert, attendees will participate in case study review and discussion to provide direction on clinical practice. As a result of this activity, learners will be able to self-report new knowledge related to ingestions and overdoses in a pediatric patient.

Objectives

- Discuss the epidemiology of pediatric ingestions/overdoses, and the impacts seen by COVID
- Review pathophysiology, evaluation and management of common pediatric ingestions/overdoses
