

Overview and Target Audience

Hosted virtually. This two-day intensive course is designed for pediatric surgeons, fellows, gastroenterologists, pediatricians, pathologists, radiologists as well as pediatric nurses managing patients with colorectal problems. This course will teach "State of the Art" and important technical details for the successful diagnosis, treatment, and post-operative care for Hirschsprung's disease patients.

Learner Outcome

After attending this event, participants will report increased knowledge of pertinent clinical conditions seen in pediatric patients with a Hirschsprung disease and relate any intended changes in practice that may be made as a result of the learning that took place at this activity.

Educational Objectives:

- Review the principles of diagnosis and management of Hirschsprung disease.
- Discuss the challenges of a primary pull-through vs staged pull-through.
- Describe the importance of the anal canal in patient with fecal incontinence and colitis after the repair of Hirschsprung.
- Recognize the contribution of a frozen section biopsy and paraffin-embedded biopsy in the diagnosis of Hirschsprung and the "Transitional Zone".
- Review the comprehensive post-operative management of Hirschsprung Disease.
- Explain the use of the transanal approach for different colorectal conditions.

Continuing Education Credit

Medical: Children's Hospital Colorado is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Children's Colorado designates this Other activity (Internet live course) for a maximum of 9.25 AMA PRA Category 1 Credit(s)[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Nursing: Children's Hospital Colorado is approved as a provider of nursing continuing professional development by Colorado Nurses Association, an accredited approver by American Nurses Credentialing Center's Commission on Accreditation. Nurses should only claim credit commensurate with the extent of their participation in the activity.

This educational activity for 9.25 nursing contact hours is provided by Children's Hospital Colorado.

Other: A general certificate of attendance will be provided for all other participants.

Register Early!

ce.childrenscolorado.org

Registration

Registration, evaluation, and crediting is hosted by Children's Hospital Colorado.

Daily registration is required to participate.

Enrollment closes on August 10.

Registration, attendance, and completion of the online evaluation are required for successful completion. Claim only the hours you attend. A certificate of attendance will be available for printing upon completion of the online evaluation.

International Guests: Mobile number is not required to participate.

Day of the event:

1. Please check in with desktop code to confirm your attendance by day.
<https://ce.childrenscolorado.org/Code>
2. After the course, complete daily evaluation for crediting.

Virtual Access

Links will be provided to registered participants 1-3 days before the event. Please log in thirty minutes early (MST) to allow plenty of time to accommodate network traffic.

We hope to see you at the live conferences in 2022!

Hirschsprung Disease Course

Led by Luis De La Torre, MD, Alberto Peña, MD, and Andrea Bischoff, MD, renowned pediatric surgeons from the International Center for Colorectal and Urogenital Care at Children's Hospital Colorado.

August 12 – 13, 2021

Hosted Virtually
8:00 am – 1:45 pm

Day 1 Thursday, August 12, 2021

- 8:00 a.m. **Welcome and Opening Remarks**
Luis De La Torre, MD
- 8:05 **Diagnosis and medical management of Hirschsprung in the newborn**
Andrea Bischoff, MD
- 9:30 **Primary pull-through. How, when, and where**
Luis De La Torre, MD
- 10:00 **Histopathology of Hirschsprung, preoperative diagnosis, paraffin embedded tissue**
Mark Lovell, MD
- 10:30 **Histopathology of Hirschsprung, intraoperative diagnosis, frozen sections, Transitional Zone. controversies, pitfalls, and recommendations**
Michael Arnold, MD
- 11:00 **Historical events in Hirschsprung with effective current practice**
Alberto Peña, MD
- 11:45 Break
- 12:00 p.m. **Radiology in Hirschsprung Disease**
Kari Hayes, MD
- 12:45 **Swenson, Soave or Duhamel pull-through?**
Luis De La Torre, MD
- 1:15 p.m. Closing remarks, Q&A, Evaluation

Day 2 Friday, August 13, 2021

- 8:00 a.m. **Total colonic aganglionosis. When and how to do the pull-through**
Andrea Bischoff, MD
- 8:30 **What to do with the “Problematic Obstruction” after a perfect pull-through**
Luis De La Torre, MD
- 9:00 **The anal canal in Hirschsprung. Appendicostomy and Neo-appendicostomy**
Alberto Peña, MD
- 9:30 **Constipation vs Hirschsprung**
Luis De La Torre, MD
- 10:00 **Surgical treatment of Idiopathic Constipation**
Luis De La Torre, MD
- 10:30 **Transanal approach for Hirschsprung, idiopathic rectal prolapse and rectal prolapse after the repair of an anorectal malformation**
Luis De La Torre, MD
- 11:00 Break
- 11:15 **Bowel Management for Colitis. Irrigations vs Enemas**
Julie Schletker, NP, MSN
- 11:45 **Bowel Management for Fecal Incontinence**
Amy Krause, RN
- 12:15 p.m. Closing remarks, Q&A, Evaluation

Faculty:

Children’s Hospital Colorado and University of Colorado School of Medicine
