

CHILDREN'S HOSPITAL COLORADO PRESENTS

Virtual Education Series: When Syncope Scares the Cardiologist

Thursday, February 17, 2021 • 12 to 1 p.m.

Teleconference (Zoom link sent with registration)

Overview, Target Audience and Learner Outcome

This activity for the interdisciplinary healthcare team will include a review of current literature and clinical pathways followed by Children's Hospital Colorado for the evaluation, treatment and management of syncope in pediatric patients. In addition to a presentation from content experts, attendees will participate in case study review and discussion to provide direction on clinical practice. As a result of this activity, learners will be able to report new knowledge related to syncope in order to provide current, evidence-based care to pediatric patients.

Objectives

- Identify historical, examination, testing indicators of worrisome vs “simple” loss of consciousness
- Discuss potential interventions for both cardiogenic and noncardiogenic syncope

Faculty from Children's Hospital Colorado / University of Colorado

Jeffrey R. Darst, MD

Associate Professor of Pediatrics, Section of Cardiology

University of Colorado

Medical Director of Ambulatory Cardiology

Children's Hospital Colorado
