2nd Annual Jason French Pediatric Hospital Medicine Virtual Symposium

Overview and Target Audience

The Jason French Pediatric Hospital Medicine Symposium is to commemorate the life and service of our colleague, Jason French, who tragically passed away in the summer of 2020. Dr. French was a beloved member of the Section of Pediatric Hospital Medicine at Children's Hospital Colorado and served on the planning committee for this conference.

This conference is designed for all health care professionals who participate in the care and management of hospitalized children and neonates. A case-based format will be used to review and discuss the etiology, diagnosis, and management of critically ill infants and children. After attending this symposium, the participant will report an increase in knowledge related to the hospitalized pediatric and neonatal patient and increased confidence caring for the pediatric patient population in the rural hospital setting.

Learning Objectives

Following the presentations, participants should be able to:

- Diagnose and manage acute neurologic changes such as weakness, ataxia, and change in consciousness.
- Recognize the benefits of a dedicated multidisciplinary team who care for patients admitted for behavioral health needs and describe proven strategies to help improve the care of behavioral health patients which may help your own institution.
- Describe changes in the diagnosis and management of the febrile infant.
- Recognize clinical scenarios in which standard N-acetylcysteine dosing may be insufficient and describe two possible mechanisms by which fomepizole may help mitigate acetaminophen toxicity.
- Summarize the latest testing and treatment guidelines for COVID-19 in children.
- Review medical issues that are more common in newly arriving immigrants/refugees and the importance of screening for these conditions.
- Discuss the various differentials when common presenting symptoms lead to diagnosis of uncommon conditions in the pediatric inpatient setting.

Continuing Education Credit

Medical: Children's Hospital Colorado is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Children's Hospital Colorado designates this Other activity (Internet Live Course) for a maximum of 7.25 AMA PRA Category 1 Credit(s)[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Nursing: Children's Hospital Colorado is approved as a provider of nursing continuing professional development by Colorado Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. This educational offering for 7.25 nursing contact hours is provided by Children's Hospital Colorado.

Registration, attendance, and completion of the online evaluation are required for successful completion. Claim only the hours you attend. A certificate of attendance will be available for printing upon completion of the evaluation.

Agenda – Friday, October 7, 2022

7:40 a.m.	Welcome
7:50	Update on Children's Hospital Colorado <i>Jennifer Reese, MD</i>
8:00	Every Day Neurologic Problems at Your Hospital: What Will You Do? <i>Paul Graham Fisher, MD</i>
9:00	“But we're not a psych hospital...”: Novel Improvisations in a Time of Increasing Mental Health Challenges <i>Alison Herndon, MD, MSPH</i> <i>Heather Kreth, PsyD</i>
10:00	Break
10:15	What's New with Acetaminophen? <i>Laurie Seidel Halmo, MD, FAAP</i>
