

Children's Hospital Colorado

Emergency and Trauma Outreach Symposium Vail, Colorado

September 13-14, 2023

Live Conference
CME, NCPD & EMS credits available

Vail Health | 180 South Frontage Road West | Vail, Colorado 81657

Provided by

Children's Hospital Colorado

In collaboration with

EAGLE COUNTY
PARAMEDIC SERVICES

Overview, Target Audience and Learner Outcome

This symposium is for interdisciplinary healthcare team members caring for pediatric patients in an emergency and pre-hospital setting. As a result of this session, learners will be able to report new knowledge and intent to change practice in order to provide current, evidence-based care to pediatric patients.

Objectives

- Identify a deteriorating pediatric patient.
- Identify predictors of a difficult pediatric airway and describe the common pitfalls made in management.
- Review presentation and treatment of pediatric sepsis.
- Describe initial management of a pediatric hand burn.
- Discuss the most common emergencies seen in the first 28 days of life.
- Outline a pediatric case study across the continuum of care through three agencies to highlight communication and pediatric clinical practice
- Discuss options for pain control and sedation in pediatric patients.
- Discuss pediatric-specific patient assessment and various pediatric responses to illness and trauma.
- Review of emergency blood administration and massive transfusion protocol, focusing on the management of hemorrhage in pediatric patients.
- Discuss acute management of seizures in pediatric patients.
- Discuss trauma case studies including pre-hospital, transport, and in hospital clinical care for a pediatric patient with TBI.
- Explain the pathophysiology and resultant initial management of DKA in the pediatric patient.
- Review presentation and treatment of a variety of pediatric emergency medicine cases.

Agenda

Wednesday, September 13, 2023

9:00 am	Check-in
