November 10, 2023
8:45 – 11:15 a.m.

(followed by Pediatric Grand Rounds presentation)

Provided by: Developmental and General Pediatrics

Children's Hospital Colorado

Affiliated with
University of Colorado
Anschutz Medical Campus

Moira Szilagyi, MD, PhD, FAAP

Biography

Moira Szilagyi, MD, PhD, FAAP, is the 2023 Immediate Past President of the American Academy of Pediatrics (AAP).

Dr. Szilagyi is a primary care pediatrician, educator, and Professor of Pediatrics at UCLA (since 2014) where she is Division Chief of Developmental/Behavioral Pediatrics and Peter Shapiro Term Chair for the Promotion of Child Developmental and Behavioral Health. She completed her MD, PhD, and pediatric residency at the University of Rochester. During her 30 years in Rochester, she developed a community-based, integrated-care medical home for children in foster care, worked in a suburban private practice, precepted residents in continuity clinic, created and led a regional child abuse program, conducted research highlighting vulnerable children, and mentored trainees.

Dr. Szilagyi has worked closely with the AAP for 3 decades. In the 1990s, she led a multi-disciplinary team at AAP-District-II NYS that developed the first health care standards for children in foster care--Fostering Health (now the national standards). She has served in leadership roles on the AAP's Committee on Early Childhood, Task Force on Foster Care, and Council on Foster Care, Adoption and Kinship Care. She has authored several AAP policy statements, clinical and technical reports and speaks widely about child welfare, vulnerable children, and childhood trauma and resilience.

A dedicated advocate, Dr. Szilagyi works closely with the AAP's Washington Office on legislation related to equity, diversity and the care of vulnerable children. She collaborates with mental health and child welfare to integrate evidence-based interventions into pediatric care. She continues to work closely with the AAP and University of Massachusetts Medical School to develop and implement curricula for pediatricians, trainees and health systems about trauma- and resilience-informed care and relational health.

Objectives

Upon completion of the course participants should be able to:

- Identify interventions promoting health prosocial development
- Review how to screen for behavioral concerns and family stressors using validated measures

CME Credit

Children's Hospital Colorado is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Children's Hospital Colorado designates this live activity for a maximum of 2.25 AMA PRA Category 1 Credit(s)[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Location and Parking

Please arrive early to allow for parking and pre-screening. Free Parking is located in Visitor Lot 10, located off Victor Street, just east of the main entrance.

Further Information

If you have questions or to request arrangements to accommodate a disability, please contact Shaun Ayon at 720-777-2700 or shaun.ayon@childrenscolorado.org at least three weeks prior to the conference.

Acknowledgement

Thank you to donors to the Frankenburg-Camp Endowed Fund for supporting this educational activity.

Registration Fee

The registration fee is waived. However, registration is required for evaluating and crediting.
