4th Annual Jason French Pediatric Hospital Medicine Symposium

Overview and Target Audience

The Jason French Pediatric Hospital Medicine Symposium is to commemorate the life and service of our colleague, Jason French, who tragically passed away in the summer of 2020. Dr. French was a beloved member of the Section of Pediatric Hospital Medicine at Children's Hospital Colorado and served on the planning committee for this conference.

This conference is designed for all health care professionals who participate in the care and management of hospitalized children and neonates. A case-based format will be used to review and discuss the etiology, diagnosis, and management of critically ill infants and children. After attending this symposium, the participant will report an increase in knowledge related to the hospitalized pediatric and neonatal patient and increased confidence caring for the pediatric patient population in the rural hospital setting.

Learning Objectives

Following the presentations, attendees should be able to:

- Review the most common pathogens implicated in animal bites and the appropriate management of animal bites.
- Examine and practice simple techniques for starting a goals of care discussion.
- Explain the criteria and decisions that inform when to admit and then discharge a child or adolescent from an inpatient psychiatric facility.
- Review the principles and basic management strategies of wound care in the Pediatric inpatient population.
- Discuss the field of Pediatric Hospital Medicine, giving historical context, current goals, and future aspirations.
- Understand the physiology, clinical presentation and management of myocarditis and MIS-C in the pediatric population.

Agenda

Friday, October 4, 2024

7:30 a.m.	Sign-In and Continental Breakfast
8:00	Welcome and Conference Overview <i>Jason Zamkoff, MD</i>
8:10	Pediatric Wound Care <i>Brooke French, MD, FACS</i>
9:10	Clinical Conundrums 1 <i>Jenna Turner, PA-C</i>
9:40	As a Pediatric Hospitalist, what I wished I knew about Palliative Medicine: Clinical Pearls and Pitfalls <i>Allison Feldman, MD</i>
10:40	Break
10:55	Don't Bite Back: What to Do When Animals Attack <i>Hai Nguyen-Tran, MD</i>
11:55	Clinical Conundrums 2 <i>Summer Pellechio, PA-C</i>
12:25 p.m.	Lunch
1:10	Pediatric Myocarditis and MIS-C <i>Henry Cheng, MD</i>
2:10	Perspectives on PHM, Past, Present, and Future <i>Jack M Percelay, MD, MPH, FAAP, MHM</i>
3:10	Break
3:25	Clinical Conundrums 3 <i>Megan Landess, DNP, CPNP-AC/PC, CCRN, CNRN</i>
3:55	To Admit or Not to Admit: Considerations and Criteria for Pediatric Inpatient Psychiatric Hospitalization Stays <i>Rebecca Powell, MD</i>
4:55	Closing Remarks and Evaluation
5:00	Adjourn

Guest Faculty

Henry Cheng, MD

Assistant Professor
Harvard Medical School
Cardiac ICU Attending
Boston Children's Hospital

Jack M Percelay, MD, MPH, FAAP, MHM

Clinical Professor of Pediatrics
Stanford University School of Medicine

Rebecca Powell, MD

Assistant Clinical Professor of Pediatrics
University of Utah School of Medicine
Child and Adolescent Psychiatrist
Pediatric Hospitalist
Primary Children's Hospital, Salt Lake Campus

Local Faculty

Allison Feldman, MD

Visiting Associate Professor of Pediatrics
University of Colorado School of Medicine
Attending Palliative Medicine Physician
Children's Hospital Colorado

Brooke French, MD, FACS

Associate Professor, Co-Director Craniofacial Surgery
Program, Children's Hospital Colorado, Director
Cosmetic Program, University of Colorado-School of
Medicine

Megan Landess, DNP, CPNP-AC/PC, CCRN, CNRN

Advanced Practice Provider Fellow
Children's Hospital Colorado

Hai Nguyen-Tran, MD

Assistant Professor of Pediatrics
University of Colorado School of Medicine
Section of Pediatric Infectious Diseases

Summer Pellechio, PA-C

Advanced Practice Provider Fellow
Children's Hospital Colorado

Jenna Turner, PA-C

Advanced Practice Provider Fellow
Children's Hospital Colorado

CONTINUING EDUCATION CREDIT

Registration, attendance, and submission of the **evaluation,** including a written response to questions related to any change in practice that you may make as a result of learning that took place at this activity, are required for successful completion and receipt of the certificate of attendance. Claim only those hours you attend.

Medical: Children's Hospital Colorado is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. Children's Hospital Colorado designates this live activity for a maximum of **7.5 AMA PRA Category 1 Credit(s)**[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Nursing: Children's Hospital Colorado is approved with distinction as a provider of nursing continuing professional development by Colorado Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. This educational offering for 7.5 nursing contact hours is provided by Children's Hospital Colorado.

REGISTRATION FEES

Children's Hospital Colorado Section of Hospital Medicine	\$100
Resident or Fellow	Free
Community Professional- AAP SOHM Member	\$100
Community Professional	\$125
Registered Nurse	\$50
Virtual Attendance	\$100

In loving memory of

In the summer of 2020 Jason French went out for a run in the Lowry neighborhood of Denver, and he never returned. Jason suffered a cardiac arrest that day, leaving behind a beautiful wife, Brooke, and two beautiful daughters, Claire, and Ella. Jason was a Pediatric Hospitalist at Children's Hospital Colorado, a committee member of this conference, and my best friend at work. And I miss him. Every bald, middle-aged man walking through the institution is still Jason French to me.

Jason embodied everything that a Pediatric Hospitalist and colleague should be. He was the ultimate team player, driving to three and even four Network of Care sites on a given day to support other workers. Jason was a man of few words, but those words counted. He was the EF Hutton of our section, when Jason French talked, people listened. He was a savvy clinician, mutually respected by students, residents, and sub-specialists on service with him. Most importantly, Jason was a good person, and this was evident daily in his interactions with patients and families, and the feedback he received in this domain.

What I personally remember most about Jason, however, is my out-of-work experiences with him. I remember driving to Lafayette to play indoor soccer with Jason, talking trash about the opposing team the entire way home. I remember playing poker in Jason's basement, with neighborhood Dads bringing infant walkie-talkies to the basement to 'watch' their babies. I remember wanting to go to random Happy Hours after work, and Jason would always be there for me. Always. And I remember us 'catching' one another at Cherry Creek Mall at 11am on a Tuesday during a 'light' day of work, dutifully fulfilling chores for our respective daughters.

Because of such, it seemed fitting to rename this conference the 'Annual Jason French Pediatric Hospital Medicine Symposium'. It gives us the opportunity to focus on Jason and everything he stood for each year. To me, Jason French was Pediatric Hospital Medicine. And while I hope you enjoy this conference and learn from it; I also ask that you take a minute to remember Jason French if you knew him, relive a good memory, and conjure a positive memory of someone else if you didn't know him. I know his bald head is smiling down on us as we relive these memories.

Thank you for time and attending this conference,
Jason Zamkoff, Conference Chair, and best friend of J French
