Pediatric Emergency and Trauma Outreach Symposium

OVERVIEW AND TARGET AUDIENCE

This activity is for interdisciplinary healthcare team members caring for pediatric patients in an emergency and pre-hospital setting. We will provide clinical updates and address current topics relevant to the care for sick and injured pediatric patients.

LEARNER OUTCOME

After attending this education, learners will report new knowledge and intent to change practice to provide current, evidence-based care to pediatric patients in an emergent setting.

AGENDA

Wednesday, August 21, 2024

7:30 AM	Check-in
8:00	Welcome & Opening Remarks
8:15	Advanced Pediatric Assessment Kelly Reichert, MS, RN, CCRN
9:00	Pediatric Trauma John Wiersch, MD
9:45	Break
10:00	Pediatric Orthopedic Trauma Julia S. Sanders, MD

**Children's Hospital Colorado reserves the right to modify the agenda or cancel this conference in the event of an unforeseen circumstance.*

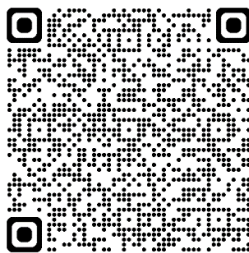

REGISTRATION

This is an in-person event with a virtual option.

Registration fee - \$30/learner (in-person or virtual)

[Register here](#) or use the QR Code.

Virtual learners receive a Zoom link closer to the event.

OBJECTIVES

- Discuss assessment tools, initial interventions, and escalation for pediatric patients.
- Describe basic prehospital and hospital assessment of the pediatric trauma patient.
- Outline evaluation and management of pediatric orthopedic trauma injuries including MVC, autoped, and farm accidents.
- List three signs concerning for possible non accidental trauma that warrant further evaluation.
- Discuss appropriate interventions to stabilize pediatric patients presenting with respiratory distress.
- List three strategies to support pediatric patients during medical procedures.
- Develop a plan when approaching management of the pediatric airway.
- Examine presentation and treatment of pediatric sepsis.
- Outline differences between CPR and quality CPR, including common errors and mitigation strategies.
- Discuss medication use for acute seizure management and stabilization.
- Describe the initial management of pediatric burns and determine an appropriate disposition.
- Examine presentation and treatment of a variety of pediatric emergency medicine cases.
