Pediatric Education Day | Grand Junction, CO

Overview and Target Audience

This activity is for interdisciplinary healthcare team members caring for pediatric patients in an emergency and pre-hospital setting. We will provide clinical updates and address current topics relevant to the care for sick and injured pediatric patients.

Learner Outcome

After attending this education, learners will report increased knowledge and intent to change practice to provide current, evidence-based care to pediatric patients in an emergent setting. Participants are expected to actively participate and demonstrate proficiency in skills.
