Pediatric Education Days | Steamboat Springs, CO

Objectives and Target Audience

These activities are for interdisciplinary healthcare team members caring for pediatric patients in an emergency and pre-hospital setting. We will provide clinical updates and address current topics relevant to the care for sick and injured pediatric patients.

Learner Outcome

After attending these educational activities, learners will report increased knowledge of assessment and treatment principles for common pediatric emergencies and the presentation and management of pediatric respiratory emergencies. Learners will be expected to successfully demonstrate key pediatric clinical care skills including IV/IO access, fluid resuscitation, suctioning, and use of oxygen devices.
