Pediatric Education Day | Denver, CO

Overview and Target Audience

This activity is for interdisciplinary healthcare team members caring for pediatric patients in an emergency setting. We will provide clinical updates and address current topics relevant to the care for pediatric patients in an inpatient hospital setting.

Learner Outcome

After attending this education, learners will report increased knowledge of pediatric assessment and respiratory management. Learners will successfully demonstrate key pediatric clinical care skills including vascular access, fluid resuscitation, suctioning, use of oxygen devices, and medication administration.
