

Needles Don't Have to be Scary: Implementing a Multimodal Bundle for Pain & Fear Management

Thursday, May 21, 2026 ● 12:00 pm – 1:00 pm, MT

Virtual Educational Offering

Teleconference (link sent with registration)

Faculty

Julie Ann Marshall, DNP, RN, CCM, CNE, PED-BC

Clinical Practice Specialist, Inpatient Med-Surg
Children's Hospital Colorado, Colorado Springs

Overview, Target Audience, and Learner Outcomes

This program is being jointly provided by Children's Hospital Colorado and the Rocky Mountain Society of Pediatric Nurses. All RNs are invited to attend.

This presentation will enhance nurses' knowledge of needle pain mitigation and introduce effective strategies to reduce pain and anxiety in pediatric patients. Upon completion, nurses will report increased knowledge in identifying and describing evidence-based pain mitigation strategies to reduce pain, anxiety, and long-term distress in children undergoing these procedures.

Continuing Education Credit

Attendance and completion of the course evaluation are required for successful completion and receipt of the certificate of attendance.

Children's Hospital Colorado is approved with distinction as a provider of nursing continuing professional development by Colorado Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. This offering for 1 NCPD contact hour is provided by Children's Hospital Colorado.

Financial Disclosure

Planners, faculty, and others in control of content (either individually or as a group) have no relevant financial relationships with ineligible companies.
