

The Go Bag

It is very important that students have emergency supplies with them **at all times**. Families should assemble a “go bag” with these emergency supplies and should bring this go bag to school with the student. This go bag **must** be with the student **at all times**.

Supplies in the go bag include:

Extra tracheostomy tubes with obturators

One of the same size

One half a size smaller

Extra trach ties

Scissors

Suction machine

Suction catheters

Ambu bag
