

CHILDREN'S HOSPITAL COLORADO PRESENTS

## Virtual Education Series: Neonatal Emergencies

Thursday, December 15, 2022 • 12 to 1 p.m.

Teleconference (Zoom link sent with registration)

### Overview, Target Audience and Learner Outcome

This activity for the interdisciplinary healthcare team will include a review of current literature and clinical pathways followed by Children's Hospital Colorado for the evaluation, treatment, and management of neonatal emergencies. In addition to a presentation from a content expert, attendees will participate in case study review and discussion to provide direction on clinical practice. As a result of this activity, learners will be able to report new knowledge related to emergencies in order to provide current, evidence-based care to neonatal patients.

### Objectives

- Describe neonatal transition from intrauterine to extrauterine life
- Identify the steps for neonatal resuscitation
- Discuss common neonatal diagnoses in the first 28 days of life
