Anschutz Health Science Building
1890 N. Revere Court
3rd Floor
Aurora, CO 80045**

Overview and Learner Outcome

Research continues to indicate African-American mothers die at three to four times the rate of non-Hispanic white mothers, and infants born to African-American mothers die at twice the rate as their non-Hispanic, white counterparts, regardless of household education levels and socioeconomic status. African-Americans in Colorado report higher preterm birth rates—11.6 percent, as compared to 8.2 percent among white, non-Hispanic births, further complicated by higher rates of low birth-weight babies.

The outcomes and lessons learned in this work will focus on the impact of the patient-doctor relationship, promote patient/family advocacy, improve feelings of mistrust in medicine, and aid practical skill building for all parties. Overall, Children’s Hospital Colorado and its educational and clinical partners seek to build a relationship with its community to deliver culturally responsive care models.

Objectives

(These global objectives apply to each case scenario)

- *The learner (community advocate and provider) will identify gaps in their knowledge of culturally responsive communication and care as it relates to African-American/Black women and children using diverse simulation modalities and practices.*
- *Determine how to use collaborative relationships (1-provider to patient, 2-provider to community resource/advocate) in the care setting to improve the patient experience for African-American/Black women and children using diverse evidence-based simulation modalities and practices.*
- *Demonstrate how to use multiple care delivery modalities (e.g., telehealth, telemedicine, home visitation) to increase access for African-American/Black women and children using diverse evidence-based simulation modalities and practices.*

AGENDA

Check-in and Continental Breakfast 8:15am-8:30am

Introductions 8:30-8:45

Pre-Assessment and Orientation and 8:45-9:15

CASE		9:25
Group 1	Margo Jones	Marcela Mendenhall, MD Joy Reynolds
	Tiesha Lovett	Shelby Tanguay, MD Ryann Hansen, RN BSN
	Aaliya Williams	Christina Cho, MD Yvette Plummer-Burkhalter, MS

Break 9:55-10:00

Skills Lecture 10:00-10:55

CASE		11:10	11:40
Group 1	Margo Jones	Christina Cho, MD Yvette Plummer-Burkhalter, MS	Shelby Tanguay, MD Ryann Hansen, RN BSN
	Tiesha Lovett	Marcela Mendenhall, MD Joy Reynolds	Christina Cho, MD Yvette Plummer-Burkhalter, MS
	Aaliya Williams	Shelby Tanguay, MD Ryann Hansen, RN BSN	Marcela Mendenhall, MD Joy Reynolds

POST-ASSESSMENT and DEBRIEF 12:10pm – 1:00pm

Breaks - As Needed (Unless Otherwise Specified)

Lunch Provided

AGENDA

Check-in and Lunch 12:15pm-12:30pm

Introductions 12:30-12:45

Pre-Assessment and Orientation and 12:45-1:15

CASE		1:25
Group 2	Margo Jones	Nithin Ravi, MD Felicia Allen, MA
	Tiesha Lovett	Tamara Garcia, MD Whitney Dunlap,
	Aaliya Williams	Daniel Lam, MD Greta Macey, MHA, RDN

Break 1:55-2:00

Skills Lecture 2:00-2:55

CASE		3:05	3:35
Group 2	Margo Jones	Daniel Lam, MD Greta Macey, MHA, RDN	Tamara Garcia, MD Whitney Dunlap,
	Tiesha Lovett	Nithin Ravi, MD Felicia Allen, MA	Daniel Lam, MD Greta Macey, MHA, RDN
	Aaliya Williams	Tamara Garcia, MD Whitney Dunlap,	Nithin Ravi, MD Felicia Allen, MA

DEBRIEF 4:05pm – 5:00pm

Breaks - As Needed (Unless Otherwise Specified)

Lunch Provided
