This program is being held at Weidner Field, 111 West Cimarron Street,
Colorado Springs, CO, 80903

Please see page 2 for Overview, Learner outcomes, Continuing Education, and Financial Disclosures

Overview, Target Audience, and Learner Outcome

This educational event will provide updates on effective care for children with type one diabetes in school or childcare settings. Skills stations will offer hands-on with diabetes devices and case studies will incorporate appropriate responses in various scenarios. After attending this event, participants will report increased knowledge and confidence related to caring for children with diabetes in school or childcare settings. Participants will successfully demonstrate insulin dosage calculations and use of diabetes devices seen in the school setting or childcare setting.

Continuing Education Credit

Attendance, sign-in and submission of the evaluation, including any change in practice you may make as a result of learning that took place, are required for successful completion and receipt of the certificate of attendance.

Children's Hospital Colorado is approved with distinction as a provider of nursing continuing professional development by Colorado Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

This offering is for 6.25 nursing contact hours is provided by Children's Hospital Colorado.
