

CHILDREN'S HOSPITAL COLORADO PRESENTS

Virtual Education Series: Spotting Measles Before it Spreads

Thursday, March 21, 2024 • 12 to 1 p.m.

Teleconference (Zoom link sent with registration)

Overview, Target Audience and Learner Outcome

This activity for the interdisciplinary healthcare team will include a review of current literature and clinical pathways followed by Children's Hospital Colorado for the evaluation and treatment of measles. In addition to a presentation from content experts, attendees will participate in case study review and discussion to provide direction on clinical practice. As a result of this activity, learners will be able to report new knowledge related to measles in order to provide current, evidence-based care to pediatric patients.

Objectives

- Describe the clinical presentation and complications of measles
- Identify diagnostic testing approaches for measles
- Describe infection prevention and control measures to prevent transmission of measles

Faculty from Children's Hospital Colorado / University of Colorado

Jessica Cataldi, MD, MSCS

Assistant Professor; Pediatric-Infectious Disease

University of Colorado School of Medicine
