

CHILDREN'S HOSPITAL COLORADO PRESENTS

# Virtual Education Series: The Third Generation: Diagnosis, Treatment, and Clinical Impact of Congenital Syphilis

Monday, June 24, 2024 • 12 to 1 p.m.

Teleconference (Zoom link sent with registration)

## Overview, Target Audience and Learner Outcome

This activity for the interdisciplinary healthcare team will include a review of current literature and clinical pathways followed by Children's Hospital Colorado for the evaluation and treatment of congenital syphilis. In addition to a presentation from content experts, attendees will participate in case study review and discussion to provide direction on clinical practice. As a result of this activity, learners will be able to report new knowledge related to syphilis in order to provide current, evidence-based care to pediatric patients.

## Objectives

- Describe the epidemiology of congenital syphilis in the US and CO
- Identify key factors that may lead to congenital syphilis
- Review the various diagnostic tests recommended for syphilis evaluation including interpretation
- Discuss the Red Book algorithm on diagnosis and treatment of congenital syphilis

## Faculty from Children's Hospital Colorado / University of Colorado

Sara Saporta-Keating, MS, MD

Assistant Professor of Pediatrics, Sections of Infectious Disease & Epidemiology

University of Colorado School of Medicine

Associate Medical Director, Infection Prevention & Control

Children's Hospital Colorado- Colorado Springs
