

CHILDREN'S HOSPITAL COLORADO PRESENTS

Virtual Education Series: We Regret to Inform You, Your Flight Has Been Delayed: Stabilization While Awaiting Pediatric Transport

Thursday, May 15, 2025 • 12 to 1 p.m.

Teleconference (Zoom link sent with registration)

Overview, Target Audience and Learner Outcome

This activity for the interdisciplinary healthcare team will include a review of current literature and clinical pathways followed by Children's Hospital Colorado for pediatric transport stabilization. In addition to a presentation from content experts, attendees will participate in case study review and discussion to provide direction on practice. As a result of this activity, learners will be able to report new knowledge related to transport stabilization in order to provide current, evidence-based care to pediatric patients.

Objectives

- Review Strategies to optimize pediatric patients for transport
- Identify common ways that children become more ill during delays in transport
- Describe safety concerns in pediatric transport and ways that referring teams can help to mitigate these concerns

Faculty from Children's Hospital Colorado / University of Colorado

Brian M Jackson, MD, MA
