

CHILDREN'S HOSPITAL COLORADO PRESENTS

Virtual Education Series: Pediatric Disaster Planning: How to Plan for When the Worst Happens to the Smallest

Thursday, January 16, 2025 • 12 to 1 p.m.

Teleconference (Zoom link sent with registration)

Overview, Target Audience and Learner Outcome

This activity for the interdisciplinary healthcare team will include a review of current literature and clinical pathways followed by Children's Hospital Colorado for disaster planning. In addition to a presentation from content experts, attendees will participate in case study review and discussion to provide direction on practice. As a result of this activity, learners will be able to report new knowledge related to disaster planning in order to provide current, evidence-based care to pediatric patients.

Objectives

- Identify the physiologic differences of pediatric patients in mass casualty incidents/disaster events
- Describe the specific needs of pediatric patients when planning for disasters in healthcare settings
