

CHILDREN'S HOSPITAL COLORADO PRESENTS

# Virtual Education Series: Vitamin K at Birth: The Emerging Trend to Decline

Thursday, November 20, 2025 • 12 to 1 p.m.

Teleconference (Zoom link sent with registration)

## Overview, Target Audience and Learner Outcome

This activity for the interdisciplinary healthcare team will include a review of current literature and clinical pathways followed by Children's Hospital Colorado for neonatal vitamin K. In addition to a presentation from content experts, attendees will participate in case study review and discussion to provide direction on practice. As a result of this activity, learners will be able to report new knowledge related to neonatal vitamin k in order to provide current, evidence-based care.

## Objectives

- Review the importance of Vitamin K at birth.
- Examine current trends in parental refusal of Vitamin K.
- Discuss implications for Vitamin K refusal.

## Faculty from Children's Hospital Colorado / University of Colorado

Robert Kiley, MD, FAAP

Associate Professor of Pediatrics

NICU Medical Director

Children's Hospital Colorado, Colorado Springs

## Continuing Education Credit

Registration, attendance, sign-in and submission of the evaluation, including a written response to questions related to any change in practice that you may make as a result of learning that took place at this program, are required for successful completion and receipt of the certificate of attendance. Claim only those hours you attend.
