

CHILDREN'S HOSPITAL COLORADO PRESENTS

Virtual Education Series: Evidence Based Evaluation and Treatment of Pediatric Headache and Migraine

Thursday, February 19, 2026 • 12 to 1 p.m.

Teleconference (Zoom link sent with registration)

Overview, Target Audience and Learner Outcome

This activity for the interdisciplinary healthcare team will include a review of current literature and clinical pathways followed by Children's Hospital Colorado for pediatric headaches and migraines. In addition to a presentation from content experts, attendees will participate in case study review and discussion to provide direction on practice. As a result of this activity, learners will be able to report new knowledge related to headaches and migraines in order to provide current, evidence-based care to pediatric patients.

Objectives

- Identify the diagnostic criteria for migraine as outlined in the ICHD-3 classification.
- Describe acute migraine treatment.
- Discuss when prevention is necessary and identify what agents are appropriate.

Faculty from Children's Hospital Colorado / University of Colorado

Marcy Yonker, MD, FAHS
