

CHILDREN'S HOSPITAL COLORADO PRESENTS

Virtual Education Series: Bronchiolitis in the Hospitalized Patient

Thursday, October 15, 2026 • 12 to 1 p.m.

Teleconference (Zoom link sent with registration)

Overview, Target Audience and Learner Outcome

This activity for the interdisciplinary healthcare team will include a review of current literature and clinical pathways followed by Children's Hospital Colorado for care of a pediatric patient with bronchiolitis. In addition to a presentation from content experts, attendees will participate in case study review and discussion to provide directions on practice. As a result of this activity, learners will be able to report new knowledge related to bronchiolitis to provide current, evidence-based care to pediatric patients.

Objectives

- Discuss the typical course of bronchiolitis in the hospitalized patient.
- Review signs that a patient is no longer “typical”.
- Identify treatment options for typical and atypical bronchiolitis course.
