

CHILDREN'S HOSPITAL COLORADO PRESENTS

Pediatric Emergency Education Lecture Series: The Gray Baby: Life-Threatening Presentations in the First Month of Life

Friday, September 11th, 2026 • 9am-10am

Teleconference (Zoom Link sent day before the session for registered participants)

Overview, Target Audience and Learner Outcome

This activity for the interdisciplinary healthcare team will include a review of current literature for the evaluation, treatment and management of pediatric patients encountered in the prehospital or emergency setting. EMS Providers and nurses working in the prehospital or emergency setting will benefit from this education. As a result of this activity, learners will be able to report new knowledge related to the evaluation, treatment, and management of pediatric patients in prehospital and emergency settings across a variety of emergency conditions.

Objectives

1. Recognize the signs and symptoms that may indicate a life-threatening illness in a neonate.
2. Identify the major causes of acute neonatal deterioration using a structured differential diagnosis framework.
3. Describe the assessment principles and time critical interventions for managing a sick neonate.

Faculty from Children's Hospital Colorado / University of Colorado

Abby Fahnestock, MD
Pediatric Emergency Medicine Fellow
Children's Hospital Colorado

Continuing Education Credit

Registration, attendance, sign-in and submission of the evaluation, including a written response to questions related to any change in practice that you may make as a result of learning that took place at this program, are required for successful completion and receipt of the certificate of attendance. Claim only those hours you attend.

Nursing

Children's Hospital Colorado is approved with distinction as a provider of nursing continuing professional development by Colorado Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.
